- II. Eligible Proposing Units:
 1. Central government ministries and their affiliated agencies/organizations.
 2. Special Municipality, Country, and City Governments.
 3. Public and private universities, colleges, and high schools/vocational high schools.
 4. Registered legal entities, institutions, or non-governmental organizations.
 5. Civil society or companies in specialized professional fields.

III. Target Audience, Quota, and Eligibility:

1. Youth or high school/vocational high school students aged 15 to under 18 must participate as a group (departing and returning together). Each project may accept up to 20 participants (excluding accompanying mentors).
2. The youth aged from 18 to 30: Placements for individual or group on-site internships, training, service, and exchange opportunities are provided by overseas partner organizations or agencies developed by the proposing units. Each project may accept up to 20 youth participants (excluding accompanying mentors).
3. Eligibility Criteria:
 - (1) The opportunities provided by proposing units must adhere to principles of fairness and impartiality, open to all youth who meet the age limits. They should not be restricted to specific schools, departments, or organization members, and priority should be given to youth from disadvantaged backgrounds.

- (2) If language proficiency or professional background is required for project execution (e.g., English proficiency at CEFR B2 level preferred, Japanese JLPT N2, over 5 years of music performance experience preferred), these must be clearly indicated in the prospectus as "preferred" qualifications rather than the sole admission criteria, to retain flexibility in selection.
- (3) Other professional requirements specified by the proposing units.
- (4) The final list of admitted participants will be determined through proposal evaluations and interviews conducted by experts and scholars in corresponding fields appointed by the Youth Development Administration (YDA), Ministry of Education, selecting youth based on their suitability.

IV. **Program Content and Themes:**When planning overseas dream projects, the proposing units shall focus on broadening youth's international perspectives

and accumulating professional practical experience. It is expected that upon returning, the youth will apply their learnings to give back to society and contribute to the development of related fields in the nation.

1. The primary mode of execution should be in-depth on-site internships, aimed at strengthening communication with international youth and organizations. Superficial sightseeing itineraries must be avoided.

2. Itinerary and Location Planning:

- (1) Priority for internship locations and on-site institutions should be given to international organizations, agencies, professional hubs, or specific workplaces that do not open for public visit or tourism in general.

- (2) Project locations should generally be fixed areas or specific institutions, adhering strictly to the principle of one country(one city). Frequent cross-regional movements should be avoided unless necessitated by special project themes that require attending essential conferences or exhibitions.

- (3) Weekday itineraries should concentrate on professional

learning and practical engagement, while sightseeing and cultural experiences should be scheduled during weekends or holidays.

(4) Destination countries must be designated as Level Yellow or below on the Ministry of Foreign Affairs' Travel Advisory scale.

3. Domestic Pre-departure Training: To equip youth with necessary prerequisite knowledge and skills before departure, proposing units may organize pre-departure training. The content must be rigorous and directly aligned with the project's overseas goals. Units must outline the number of sessions, tentative schedule, content, and format; the total duration should ideally not exceed 2 days (16 hours).
4. Project Categories: The content includes, but is not limited to, 19 thematic areas: History and Culture, Arts Exchange (Music, Fine Arts, Performing Arts), Electrical/Electronic and Mechanical Engineering, Environmental Sustainability and Climate Action, Health Promotion and Social Care, Educational

Cooperation and Learning, Social Engagement and Volunteer Service, Startup Incubation and Industry Exchange, Community Revitalization and Tourism Development, Fashion Design and Aesthetics, Diplomacy and Public Policy, Sports Exchange, Animal Conservation and Ecological Care, Culinary Arts, Digital Applications and Media, Finance and Economics, Disaster Prevention and Management, Biomedical Sciences, and Others.

5. Excluded Categories: To avoid resource duplication, projects already offering grants or subsidies under other ministries, such as sports and arts competitions, academic research, study abroad programs, and working holidays, cannot be submitted as proposals under this program.

V. Implementation Period:

1. Program Execution Period: April 1, 2027, to February 29, 2028. The itinerary must be a minimum of 15 days (excluding travel time) and generally a maximum of six months.
2. Phase I Departure Time: Depart after April 1, 2027.

3. Phase II Departure Time: Depart after July 1, 2027.

VI. Budgeting Guidelines:

1. The funding for this program functions as the "Youth Dream Fund", aiming to subsidize the necessary expenses for youth participating in overseas dream projects. All expenditures are processed on a reimbursement basis upon verification. Proposing units must attach legal and valid receipts for reimbursement; unless specifically exempted, all items must be accurately reported based on actual expenses. Budgets must be compiled based on the principle of non-duplication of resources.
2. Budgets must be compiled uniformly in New Taiwan Dollars (NTD), using an exchange rate of USD 1 = NTD 32 for conversions. The total combined amount of all expenses must be evenly divisible by the total number of youth participants (excluding mentors) to facilitate disbursement operations.
3. Should a participant fail to execute the project as

planned, and their performance is deemed substandard by mentors or the partner organizations and fail to remediate, the YDA reserves the right to proportionally reduce the awarded funds and reclaim any disbursed grant amounts.

IX. Other Important Notes:

1. If the project involves accompanying mentors, 1 mentor may be assigned when youth participants exceed 5, and 2 mentors may be assigned when exceeding 15, to handle guidance records and evaluations during the trip; however, budgeted accompanying mentors must accompany the participants throughout the entire duration of the project.
2. When submitting proposals, units must determine the appropriate visa type in accordance with the Visa and Entry Information of the Bureau of Consular Affairs (Ministry of Foreign Affairs) and the actual requirements of each program. They must specify the visa type, pay close attention to visa regulations, and factor in estimated processing times when determining departure dates and schedules (e.g., German visas may require approximately 2-3 months).
3. Proposing units must designate 1 primary contact person when submitting the project to assist with responding to applicants' inquiries.

4. Following secondary review approval, proposing units must stamp and return two copies of the agreement provided by the YDA. Proposing units must also sign an agreement with the partner organization or provide documentation confirming mutual intent (format not restricted) for joint execution. After reaching a consensus with the partner, provide the names of 1 to 2 mentors to arrange follow-up guidance.
5. When confirming the finalized announcement version, proposing units must verify the complete project content. Once announced, project details (including duration, quota, budget, execution countries/cities) cannot be changed. In case of unforeseen circumstances, units must proactively contact the project team and obtain YDA approval before adjusting.
6. Disbursement of Youth Dream Fund (Grants): This program provides financial support through the Youth Dream Fund. The disbursement methods are outlined as follows:

- (1). The grant is first disbursed directly to the

selected youth participant, who will then transfer the required fees for the partner organization and mentor-related expenses to the account designated by the proposing unit. (Both domestic and overseas accounts are acceptable.).

(2). Method 2: The grant is first disbursed to the proposing unit (domestic or overseas accounts are acceptable), which will then allocate the relevant personal funds to the selected youth participant. (For implementation plans targeting youth aged 15 to under 18, Method 2 is generally the only applicable method).

(3). Method 3: The grant is disbursed separately to the proposing unit and the selected youth based on the specific budget items and target recipients.

(4). Proposing Unit Designated Account Notes: After reaching consensus with the partner organization, proposing units must provide grant account information and remittance

contact details to facilitate smooth fund
disbursement.

(5). Note: Transaction and handling fees may vary
across intermediary and receiving banks. The
actual amount received may be less than the
amount disbursed; please cover any shortfall
using funds from "Miscellaneous Expenses."

7. Proposing units are required to collect project completion materials from the youth (including achievement videos, final reports, social media sharing links, grant receipts, and reimbursement documents) and provide partner organizations' expenditure checklists and mentor evaluation forms. Once compiled and reviewed, these materials must be submitted to the YDA.
